HOW THE SYSTEM WORKS

FAQ's

How much product does the machine use?

For pest control — smaller properties use $\frac{1}{2}$ - $\frac{2}{3}$ gallon a month. Average properties use $\frac{2}{3}$ - 1 gallon and larger properties use 1 - 1 $\frac{1}{2}$ gallons a month. For fertilizers and other products it depends on each products directions.

How often do you need to treat?

For pest control, most people run Sprinkler Magician twice a week in the summer, but this can be reduced to once a week in other seasons. For other concentrates it depends on what you are applying. The machine can easily be programmed to run any desired schedule.

What are the models of the Sprinkler Magician?

The single reservoir Sprinkler Magician is for pesticides only. Add a second reservoir to apply fertilizers, fragrances, water conservation additives, deer repellents, rust stain additives and more.

Can I operate it myself?

Absolutely, the machine has a user friendly menu that will turn you into an expert at managing your yard! You can also monitor and run it right from your phone.

How hard is it to install?

It takes a sprinkler or landscaping company just a few hours.

What is the Warranty?

All products have a 1 year full warranty. This is quality US made product, there are thousands of systems in service.

Real Testimonials from Real Customers

"Hi! I'm Kirstie Alley and I live part of the time in Florida. I have a lovely yard and now I can actually use it and not get chased indoors by nasty mosquitoes!

I would strongly recommend Mosquito Magician for anyone who wants to have a mosquito free yard, and who cares about their health and the environment."

– Kirstie Alley

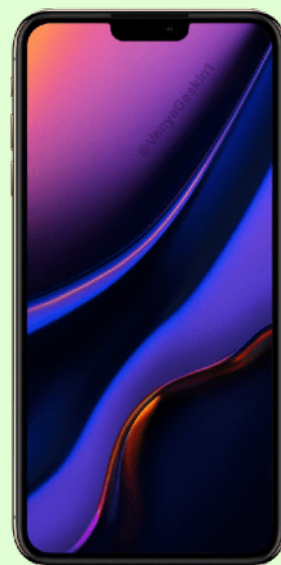

"After the second treatment I saw a drastic reduction in mosquitoes around my house. I run the system twice a week and that has kept me mosquito free for years.

I laugh at my friends who are always trying some new gadget and still have mosquitoes. I sit outside and enjoy my property mosquito free!"

– Brent Meyers

"It's been amazing, after running it once or twice a week we are bug free. No-ones getting bit, we are able to hang out outside comfortably, enjoy cook outs, having dinner with friends outside mosquito free.

It's made out outside space so much more enjoyable. It's been a god-send!"

– Kelly Landon

Biting Pest Control

The Sprinkler Magician system can apply many concentrates but most customers first goal is to eliminate mosquitoes and other biting pests. The Mosquito Magician concentrate is the product of choice, and was specially developed to run through the Sprinkler Magician machine. It is extremely potent and used by thousands of families every day.
